

Artivest connects a wider audience of suitable investors with investment opportunities in top-quality private equity and hedge funds that are typically available only at institutional minimum investment sizes.

Enter Artivest.

Our technical, financial, and operational expertise powers a seamless experience for individual investors and a scalable point of access for financial advisors and fund managers. We provide a carefully vetted investor community with access to exceptional private equity and hedge funds. We power funds with technology that streamlines workflows, conserving precious bandwidth for more impactful interactions with investors.
